Hi Mike,

We spoke with Kim Wigfield (info below) from Washington Department of Ecology. She is working on finding us the right contact who handles the Waste Management facility at Graham Road. As soon as she gets back to us, we will send the notification to the appropriate person and make sure to cc you.

Hello Mike,

In accordance with paragraph 43b of the AOC, CFAC is required to notify the state official in the state where IDW is being sent. As per my previous email, we intend to send the soil IDW to waste management in Washington. Do you by chance have a contact for someone at Washington Department of Ecology so that we can forward the email notification?
